

# Type TR™ SOLVENT

ELECTRICAL CLEANER & DEGREASER

- **Fast Evaporating**
- **No Flash Point**
- **Non-Chlorinated**
- **Non-Conductive**
- **No Residue**
- **Excellent Solvency**

**FAST EVAPORATING!**

Type TR™ is a fast evaporating, non-flammable cleaner with excellent solvency properties. Type TR™ does not contain chlorinated solvents. Type TR™ will clean semi-conducting cable shield, corrosion inhibiting compound, silicone greases, filling gels, transformer oils and many other contaminants found in electrical cleaning. It is compatible with most materials.

Type TR™ is available in convenient pre-saturated towelettes, cable prep kits, and aerosol. Pre-saturated wipes are a great option for field use. The towels are durable and non-linting. The pouch package limits vapor exposure and eliminates spill and splash hazards. Type TR™ is also available in an aerosol can.

TR passes IEEE 1493, Guide for the Evaluation of Solvents Used for Cleaning Electrical cables and Accessories.

Catalog #	Description	Units/Case
TR-1	Saturated 5" x 8" wipe in sealed pouch	96
TR-1L	Saturated 8" x 12" wipe in sealed pouch	144
TR-P63	Cable Preparation Kit containing (6) 5" x 8" saturated wipes & 3 strips of 120-grit non-conductive aluminum oxide sanding cloth, and 1 instruction card	12
TR-16	16-oz Aerosol Can	12

**Not available in bulk packaging**
